DETAILED ACTION

This office action is response to RCE File on 07/13/2005.

Claims 1-3 are amended.

Allowable Subject Matter

Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance:

1. The prior art record: Isomursu et al. (Patent No. 6,370,389) teaches a server for controlling telecommunications or computer equipment (C3, L19-24 teach SMS server wherein controlling communication as Fig.1 Illustrate), comprising:

a digital transmission link to said equipment, means for reception and interpretation of short message service (SMS) or user-to-user signaling (UUS) short message including commands (C4, L26-50 teach digital communication link wherein transmitted short message service (SMS) or user-to-user signaling (UUS) as Fig.1 Illustrate), and means for sending said commands to the said telecommunications or computer equipment through the said digital transmission link, wherein the commands received by the server are send by a first communications terminal and include a call number of a second telecommunications terminal (C5, L10-55 teach the message can be send by computer through the said digital transmission link).

However, the prior art record consider in combination or Isomursu et al. patent are **fail to suggest or fairly teach** and wherein the telecommunications or computer equipment comprise means to call back the first terminal that is the sender of the short message and means for linking said the first terminal with the second

telecommunications terminal identified by said the call number as substantially connected and recited in independent claims 2-3.

Claims 4-6 are allowed as being dependent on the independent claim 3.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
